

TOUCHLESS HAND SOAP & SANITIZER PROGRAM

GETTING STARTED

Our sales and services reps will work with you to select the best fit options for your operation. A supply agreement will be submitted to initiate the program.

PROGRAM FEATURES

- > Replacement of all existing dispensers at no cost
- > Replacement of dispensers that fail due to normal use at no cost
- > Revolving one year sales agreement
- > Safe Foods Chemical Innovations will provide training, SSOP's and installation assistance

DISPENSER FEATURES

- > Security keys for controlled access
- > Splash-resistant, easy to clean case
- > Infrared sensor for touchless operation
- > ADA compliant
- > Battery operated (recommended for dry placement areas, up to 100,000 applications)
